Program

The Art of Kid Whispering: Reaching the Inside Kid (KW) Our most challenging youth have become experts at outwitting helping professionals. Communication is both spoken and unspoken, and only adults equipped to respond effectively to youth in these circumstances will be able to reach and teach them. This course will prepare adults to decode the offensive and defensive language of adult-wary youth and discover meaning in their non-verbal communication in order to develop a trusting partnership and a strong platform from which they can grow.

This learning opportunity is being offered through a grant from Alberta Education.
