

IMA19-16 Building a Mathematical Classroom: Supporting the Edges, Integrating Games and Beyond

Presented By: Dave Martin

Date(s):

Tuesday, October 16, 2018
9:00 AM - 3:30 PM

Session Location:

J.R. Robson School BTPS Training Center
5102 - 46 Street, Vermilion, AB

Registration Fee:

\$150.00

Audience: Educational Assistants, Teachers Grade 7 - 12, Administrators

Grade Level:

Special Notes:

Registration includes a continental breakfast and lunch.

About the Session:

Using vertical non-permanent surfaces, visible random groupings, and great questions, math can be changed from a boring subject to one where we have debate, discussion and disagreement. At the end of this session, you will learn: how to ask open-ended questions, answer a question with another question and provide parallel tasks to promote learning to the edges of the classroom.

This learning opportunity is being offered through a grant from Alberta Education.

About the Presenter(s):**Dave Martin**

Dave Martin has a Master of Mathematics, a Bachelor's degree in Education, and most importantly a Love for Learning. Throughout his career, he has challenged many traditional educational practices such as homework, tests, and even grading. Currently as a Division Math/Science Lead Teacher, Dave has the opportunity to learn with teachers, and students, from Pre K - Grade 12. You will find Dave tinkering with code, playing with mathematics, or counting by prime numbers.

Building a Mathematical Classroom: Supporting the Edges, Integrating Games
and Beyond

Date(s): Oct 16, 2018

Name: _____ School: _____

School District: _____ Tel: _____ Cell: _____

Billing Address: _____ Town/City: _____ Postal Code: _____
