### Program

As we work towards the Implementation of new curriculum in Alberta and the many changes/challenges that come with the same, this is an opportunity for us to come together, as Education Partners, in the Learning Network Educational Services region to focus on key issues, as identified by the group, and to share successes and challenges as we continue to navigate this journey.

This learning opportunity is being offered through a grant from Alberta Education.

### Presenters

Charlie Kraig

Charlie is an educational consultant for Learning Network Educational Services. Experience as a classroom teacher (Gr 112), school-based coordinator (LA/SS and Inclusive Education), and vice principal (K-8 school), helps her craft unique professional learning opportunities for educators. Important in the work we do as designers of professional learning is using the same teaching strategies and tools that teachers can use in their classrooms while honoring them as competent adult learners. Charlie is a Learning Transfer Endorsed Educator as well as the Regional Network Chair of @WomenEdAlberta (part of the global #WomenEd network supporting and encouraging women in formal and informal leadership positions). She is passionate about instructional leadership and improving teacher practice for all learners' benefit.

#### **Dan Nash**

Dan is currently a Professional Learning Program Coordinator for the Learning Network Educational Services who is leading the Implementation work associated with the 'new' Alberta Curriculum. He also brings with him, over 40 years of classroom, school and district administration, and curriculum implementation leadership. Dan fully subscribes to being a lifelong learner and his mantra is, "*That it is generally easier to get people to act their way into a new way of thinking... than it is to get them to think their way into a new way of acting.*" So, let's roll up our sleeves and get to it!

#### **Brent Allen**

Brent Allen is currently in his 8th year as the Executive Director for the Learning Network Educational Services.
