Program

This one-day workshop is for teachers who have prior experience using Guided Math: A Framework for Mathematics Instruction in their classrooms. It is also the next step for teachers who have attended one of Christine's workshops and wish to improve their understanding and implementation of Guided Math.

A.M. Reflection: Explore the successes/challenges you have experienced while using the different components of Guided Math. Small Group Instruction: Learn how to increase the effectiveness of small-group lessons.

P.M. Math Workshop: Explore Math Workshop tasks, structures, organization and management. Conferencing: The ins and outs of meeting individually with students to enhance learning.

This learning opportunity is being offered through a grant from Alberta Education.

Presenters

Christine Michalyshen

Christine Michalyshen is a math consultant in Frontier School Division, the largest geographical school division in Canada. She travels to remote northern communities where she provides high quality math coaching and professional development to teachers. Christine has specialized in mathematics instruction for the past 24 years, with an emphasis on the middle years. Recently she has been sharing her passion for mathematics and teaching in kindergarten to grade nine classrooms using the Guided Math Framework. Christine is the only accredited Laney Sammons Guided Math Consultant in Canada. She is successfully implementing the Guided Math Framework in her school division to meet the diverse needs of her students.

Registration Notes

Registration fee includes a continental breakfast, lunch and a handout.
