Special Notes:

Once you have registered for a professional learning session, our system automatically generates and sends a '**Confirmation of registration email**'. This 'automatic response' will be sent to the email address you enter at the time of registration'. If the workshop you registered for is **Online**, you will find a link to connect you to the workshop in your confirmation email. If you do **NOT** receive a confirmation email within 24 hours of registering, please check your **Spam/Junk/Trash file**. If you do not receive a confirmation email please contact celine.zevola@learning-network.org

About the Session:

This session series/cohort will use Catlin's book - Balance with Blended Learning - Partner With Your Students to Reimagine Learning and Reclaim Your Life as its foundational resource.

As school-based leaders, teacher leaders and teachers, we have never been more cognizant of the 'value of time' and the demand of the same in our professional and personal lives. This series with Catlin will allow participants to ensure that they have a foundational understanding of 'Blended Learning' and how the application, and implementation, of this approach to teaching and learning can provide them with with the structure and pedagogy to 'reclaim' their lives, renew their energy and rekindle their passion for classroom teaching and learning.

This learning opportunity is being offered through a grant from Alberta Education.

About the Presenter(s):

Caitlin Tucker

Catlin Tucker is a Google Certified Innovator, bestselling author, international trainer, and keynote speaker. She is an expert in the fields of blended and online learning. Catlin has published a collection of best-selling books on blended learning, including Blended Learning in Grades 4-12, Blended Learning In Action, Power Up Blended learning, and Balance With Blended Learning. She is active on Twitter @Catlin_Tucker and writes an internationally ranked education blog at CatlinTucker.com. Catlin Tucker is dedicated to helping teachers blend technology and tradition to shift students to the center of learning and find balance in their teaching practice!
