Program

It sounds and feels wonderful doesn't it? But can we really choose it? By prioritizing positivity and setting clear and simple intentions for creating opportunity for joy, we can choose more joy. Positive psychologists have determined that we have a huge window of opportunity to create and sustain happiness and joy. In this session we'll explore practices that positively contribute to our overall happiness and build skills that can last a lifetime.

This learning opportunity is being offered through a grant from Alberta Education.
