Program

In these monthly follow up sessions, Sue will dive deeper into the technique of emotion coaching to help others quickly process emotions and move towards a more receptive mindset. NOTE: Participants are encouraged to have taken the introductory workshop* and have had the opportunity to try this approach in the classroom. Bring your questions, your challenges and your successes to share. Sue will work through obstacles you may be encountering, strengthen your emotional fluency, and build your capacity to assist others who are facing emotional dysregulation. Class size is limited to 25 to allow discussion and participation.

These sessions will NOT be recorded for confidentiality reasons.

*If you missed the introductory workshop or would like to review the material again, please contact Brent Allen (brent.allen@learning-network.org) to obtain a link to the video recording of the workshop.

This learning opportunity is being offered through a grant from Alberta Education.
